

## Criminal Justice Ministries

### Description

Since 1979, Criminal Justice Ministry (CJM) has served individuals, families, and communities impacted by the criminal justice system. From offering services to incarcerated individuals to providing reentry programs for those returning to the St. Louis area, CJM seeks to serve the needs of the most vulnerable without judgment. CJM provides programs to individuals both inside area institutions and throughout the St. Louis community.

Living Word's focus is to provide travel arrangements for children to visit their incarcerated parents.

For more information on Criminal Justice Ministries, please see their website: Criminal Justice Ministry - <https://www.cjmstlouis.org/>
