Worship Ushers

Description

Currently each Sunday, four to six volunteers are needed for both the 9:00 and 10:30 worship services to serve as ushers. Ushers are responsible for greeting worshippers as they enter the Worship Center, handing out bulletins, helping guests to find seats, passing offering plates, releasing worshippers by rows to receive Communion, doing a physical count of worship attendance, transferring the offering to the church safe at the end of worship, and preparing Worship Center for the next worship service. Duties begin one half hour before the worship service begins and concludes at the end of the service. The primary requirement for the Usher Team is a friendly disposition and a willingness to assist worshippers with their needs.

Current Information

This team is currently looking for a 10:30 am Usher Coordinator and additional usher volunteers for both services.
